

Experiment 2	Modified VS Vanilla			
Mod Tree Size	Mod Wins	Van Tree Size	Van Wins	Draws
100	78	100	20	0
250	82	250	18	0
500	94	500	6	0

For the modified version of MCTS we implemented partial expansion. After looking at the data, you can see that regardless of the tree size, the modified version of MCTS always beats the vanilla MCTS. However, that margin of wins to losses does increase as the size of the trees increases.
